# Imprivata proximity card readers

## Introducing the Imprivata MFR75A Reader (HDW-IMP-MFR75A)

### Benefits

- Fully tested and certified for Imprivata OneSign® compatibility
- Delivered by the same expert team that supports all Imprivata OneSign solutions
- One-year warranty in the event of hardware issues

### The complete authentication solution

Imprivata proximity card readers are core components of Imprivata OneSign Authentication Management, Imprivata OneSign Single Sign-On, and Imprivata Confirm ID™ solutions.

For hospital IT teams, Imprivata readers reduce complexity and simplify management by creating a single source for purchase, support, and maintenance.

### Convenience, performance, and flexibility

The HDW-IMP-MFR75 is a proximity card reader that is capable of working with Mifare card types. This is a 13.56 MHz proximity card reader.

- The HDW-IMP-MFR75 will read Mifare card types. Please note, this reader will not read the iClass, iClass SE, or iClass SEOS cards from HID.
- The device is PC-linked and measures 98 mm (L) x 66 mm (W) x 11 mm (H)
- Within the United Kingdom, the reader is designed to work with the proximity element within standard NHS smartcards

### Availability

The HDW-IMP-MFR75 is only available for sale in the United Kingdom, Switzerland, and all European Union countries.

### Consolidated support

Consolidated support gives customers a single point of contact, accountability, and resolution for any technical issue, including a one-year warranty, and expedited returns for repair service.

### About Imprivata

Imprivata, the healthcare IT security company, enables healthcare globally to access, communicate, and transact patient information, securely and conveniently. The Imprivata platform addresses critical compliance and security challenges while improving productivity and the patient experience.

### Endpoint device support

Imprivata proximity card readers are supported on all Windows desktops and thin/zero devices from Stratodesk, 10zig, IGEL, and HP.

### Imprivata OneSign

Imprivata OneSign is the leading healthcare enterprise single sign-on and virtual desktop access platform that secures patient information, allows clinicians to focus more on patient care with fast, secure No Click Access™ to patient data, and enables healthcare organisations to leverage the full benefits of their existing IT infrastructure.
